NOTES

- a. Dividend dates of the Dartmouth Savings Bank have been changed during the year from 7/1 and 1/1 to 6/1 and 12/1. The July 1, 1955 dividend covered a 6 month period but the December 1, 1955 dividend covered a 5 month period.
- b. The new \$150.00 Jacob Hackler Cemetery Fund represents this principal increase in the Keene Savings Bank.
- c. In accordance with the vote taken at the March 1955 Town Meeting, all principal and interest in the TOWN CAPITAL RESERVE FUND was paid to the Town of Marlboro, N. H. on April 27, 1955. Accordingly, that part of this Fund which was invested in the Keene Savings Bank was paid out as follows:
- | | |
|----------------------|-----------------|
| Principal (part) | \$625.00 |
| Accumulated interest | 152.00 |
| 1955 Interest | 11.66 |
| | <u>\$788.66</u> |
- d. The following new capital was added to the New Hampshire Savings Bank:
- | |
|---|
| \$1,000.00 Addition to Town Capital Reserve Fund. This \$1,000.00 was accounted for in the 1954 records of the Town and in our 1955 accounting as it was received by us in the 1955 year. |
| 150.00 New Alvin B. Chase Cemetery Fund. |
| <u>\$1,150.00</u> |
- e. The entire principal of \$2,000.00 of the TOWN CAPITAL RESERVE FUND (part) invested in the New Hampshire Savings Bank plus interest was paid to the Town of Marlboro, N. H. on April 27, 1955 in accordance with the vote taken at the March 1955 Town Meeting. That part which was invested in the New Hampshire Savings Bank was paid out as follows:
- | | |
|----------------------|-------------------|
| Principal (part) | \$2,000.00 |
| Accumulated interest | 22.61 |
| 1955 Interest | 10.11 |
| | <u>\$2,032.72</u> |
- f. The \$75.00 principal increase in the Savings Bank of Walpole consists of an addition to the Julia Lawrence Cemetery Fund.
- g. The \$67,500.00 of U. S. Govt. Bonds (G) earned \$1,687.50 in 1955. The Trustees' bond cost of \$90.00 was deducted to make a net income of \$1,597.50.
- h. According to a vote taken at the March 1955 Town Meeting, \$317.83 was paid from the available interest in the Charles C. Ward Town Fund to pay for Christmas lighting decorations.
- i. This \$1,000.00 addition to the Town Capital Reserve Fund is explained in note d.
- j. In accordance with the vote taken at the March 1955 Town Meeting, all principal and interest in the Town Capital Reserve Fund which was invested in the Keene Savings Bank and the New Hampshire Savings Bank was paid to the Town of Marlboro, N. H. on April 27, 1955 as follows:

Keene Savings Bank:

Principal	\$625.00
Accumulated Interest	152.00
1955 Interest	11.66
	<u>\$788.66</u>

New Hampshire Savings Bank:

Principal	\$2,000.00
Accumulated Interest	22.61
1955 Interest	10.11
	<u>\$2,032.72</u>

Total Paid to Town of Marlboro, N. H.
from Town Capital Reserve Fund \$2,821.38

- k. Although the \$25,000.00 Maria L. Kimball Education Fund earned \$625.00, the Trustees' bond cost of \$45.00 was deducted so that the Fund had a net income of \$580.00.
- l. Similarly, although the \$25,000.00 John H. Kimball Children's Health Fund earned \$625.00, the Trustees' bond cost of \$45.00 was deducted so that the Fund had a net income of \$580.00.

m. Cemetery Fund principal increased during the year as follows:

\$150.00	ALVIN B. CHASE CEMETERY FUND: Created March 25, 1955 by Loring B. Chase; the income to be used only for the annual care of this cemetery lot in Pine Grove Cemetery.
150.00	JACOB HACKLER CEMETERY FUND: Created April 5, 1955 by himself; the income to be used only for the annual care of his cemetery lot in Pine Grove Cemetery.
75.00	JULIA LAWRENCE CEMETERY FUND: This was originally a \$50.00 Fund, \$75.00 was added on Jan. 8, 1955 through the Town Treasurer by Francis C. Lawrence, making the principal total \$125.00; the income to be used only for the annual care of this cemetery lot in Graniteville Cemetery.
<u>\$375.00</u>	

Respectfully submitted,

Croteau-Coutts Post No. 24, American Lenion.

REPORT OF MARLBORO FIREWARDS

In 1955 the Marlboro Fire Company answered 13 still alarms, 3 general alarms and 1 Mutual Aid Call.

The Mutual Aid Call was on April 11, 1955 at the Douglas Toy Co. in Keene.

On January 9th, 1955, the first general alarm was sounded for the residence of Kermit Simmonds.

On April 22, 1955 the second general alarm was sounded for a barn fire at Oliver Giguere's.

August 1, 1955 we were called to a house owned by Ralph Hunt and occupied by Carl Webber.

The Company received four calls for the use of their resuscitator.

In 1956 the telephone company plans to change over to dial system, making it necessary for the Fire Company to use the Red Network. It will be necessary for the Town to change the alarm so that it can be sounded by this system.

The Firewards wish to express their appreciation for the assistance given to us at general alarms.

LEROY P. DERBY,
EDWARD J. BEAUREGARD,
ELMER A. GROVER,
CHESTER E. NASON,
Firewards.

REPORT OF RECREATION COMMISSION

The Recreation Commission this year tried to expand its program to include adults, and to plan for the moving of the playground activities to the ballfield, so that all outside activities could be held at one spot. Members of the committee, with Mr. Elmer Grover and his equipment, under the supervision of Cheshire Landscapers, planted pine trees at the ball field, and a bubbler has been installed on the outside of the pump house. The Committee feels that this is a good start. There now remains the installation of the toilet facilities and the planting of more trees. The erection of a building the same type as the pump house, with the toilet equipment and a storage space can be done for one thousand dollars. The trees were very inexpensive, and the committee wishes to thank Mr. Iva Tonseth and Mr. Norman Beauregard for giving them to us. Our thanks also to Mr. Edward Beauregard for leveling the ground at the river bank, and to Mr. David Cheney for cutting the grass and maintaining the baseball field. The field was used by the Towns first "Little League Baseball team," and our thanks to Mr. Leon Croteau and the folks who have helped him make it a success. The Committee is ready to help in any way to keep it that way.

The playground activities this year were under the very capable direction of Mr. Trask, principal of the Troy school, assisted by Miss Anna Girouard. The swimming program under the direction of the Red Cross and at Sand Dam were again part of the program.

The Hallowe'en program this year was the largest and best yet. The High School Student Council again helped with the planning of it. The activities were concluded in the Town Hall with movies, refreshments and a dance program under the direction of Mr. Damon Russell. Invitations were extended to organizations and business people to join the parade in person or with floats, congratulations to Dutton Coutts, first to accept. Again, no vandalism was reported, and the youth of the Town

behaved at least as well as their parents did in the years of 1900 on.

With the cooperation of the Firewards, the committee tried an experiment, inviting the Towns people to inspect the Fire Station and equipment, inviting the Mothers and Daughters to ride a fire truck, and become acquainted with the resuscitator. Due to cold, windy weather the affair was not to successful, but we will try again. Our thanks to the Firewards and Firemen for their help in this venture and their help with the Hallowe'en parade.

The committee appreciates the support of the voters for our program and ask for your continued support in maintaining and expanding this program. We are willing to cooperate in any way possible to promote more and better activities for both the youngsters and adults, and welcome suggestions for improving the program.

Respectfully submitted,

FRANK T. ROBINSON,

IRVIN H. GORDON,

JAMES M. PAGE,

LUDGER J. BEAUREGARD,

OMER M. DUMONT,

Recreation Committee.

MARLBORO PLAYGROUND COMMITTEE

July 11-August 19, 1955

Approximately 70 youngsters registered on the opening day of the playground program. We discovered that we had all ages ranging from 5 to 15. With this wide range of ages and the limited number in any particular age group we found that the program soon became centered more around group activities.

Most morning activities were held at the school playgrounds where horseshoe and badminton contests were introduced for different age groups. For the very young the swings and slides proved to be a main interest. Anna Girouard conducted group games for the younger group whenever enough children attended to make up the groups.

In the afternoon I took the older group of boys to the athletic field to play either soccer or baseball. I found that often we didn't have a group really large enough to have good games.

One of the really worthwhile activities participated in by the group was the swimming program. We went to Troy for an outing which included swimming, boating, picnic and on two other occasions we went to the Harrisville Public Beach for swimming. I feel that much more attention should be devoted to this phase of the program in the future.

The last week of the summer program, which could have been one of the most exciting, turned out to be a disappointment because of the rainy weather. It was necessary to cancel carnival day which was planned for the last day.

Average daily attendance: 25-30.

Respectfully submitted,
CORRIDON TRASK, JR.,
Supervisor of Playgrounds.

REPORT OF POLICE DEPARTMENT

During the past year the Police Department made 2 arrests, investigated 33 accidents of various nature. We have had many motor vehicle violations and have checked these vehicles. We have suspended 8 licenses. We stopped and checked 460 cars. A special officer has been appointed to do Police Duty during school days, to protect the children crossing the highway. Investigated more Juvenile cases than the preceding years. We have investigated 11 cases involving dogs biting children.

We would like to have all dog owners please pay their taxes when it is due this year, otherwise the dogs will be disposed of.

Respectfully submitted,

ERNEST F. THOIN,

Chief of Police.

ANNUAL REPORT OF THE FROST FREE LIBRARY

To the president and trustees of the Frost Free Library. The librarian submits the report for the year October 1, 1954 to October 1, 1955.

The library was open 143 days. In order to be of more service to our borrowers the board of trustees voted to have the library open three days a week. The days being Monday, Wednesday, and Saturday. The hours three to five and six fifteen to eight fifteen. The change of time and days has proven to be much more convenient for the school children.

The total circulation of books was 5,703. Of this number 3,126 were juvenile fiction, 167 were juvenile non-fiction, 2,015 adult fiction, 395 adult non-fiction. Circulation of magazines was 2,743. Besides this circulation many reference books and magazines were read at the reading table.

The book-mobile (part of the State Library Extension Service) visits the library once in eight weeks furnishing us with many books for our use.

Many books have been borrowed from the State Library.

124 new books were purchased during the year. We are proud to announce that we now possess the new 1955 edition of the Websters Unabridged Dictionary. We have also added many other reference and craft books.

The library has observed the following holidays with special displays: United Nations Day, Thanksgiving, Christmas.

Washington's Birthday, Lincoln's Birthday and Easter. Art Week was observed with a display of drawings made by the school art classes. Book Week was observed by a display of our new childrens books. Banners and posters giving recognition to the special week were posted. Bible Week was observed with a very special display of old bibles which were loaned by Rev. Ronald Mosley and members of the Federated Church. A special selection of books giving information about New Hampshire Education were used to observe Education Week.

The High School English classes have visited our Library to learn more about our reference books, library classification and the cataloging system.

The library has been kept colorfully decorated with the work of the School Art Classes. Our thanks to Miss Ruth Lamb, the Art Supervisor for her interest. The displays have been of great interest to the parents as well as the young people.

The high light of our year was the installation of the new lighting system. It has been enjoyed and appreciated by all.

I have enjoyed my first year as librarian. It has been a pleasure to be of service. In closing I would like to quote from the book titled "The Wonderful World of Books," which was edited by Alfred Stefferud with the assistance of sixty-seven expert authorities in education, publishing, librarians and farm leaders in which they make the following statement: Reading can never be a substitute for living; but reading can enormously enlarge the range of our living by bringing us into contact with people, real and imaginary, we never could meet, by awakening and deepening our emotions, lending new meaning to our own experiences, and by giving us most of the facts and ideas without which we could not work or talk or think.

Respectfully submitted,

MRS. CORINNE NASH,

Librarian.

REPORT OF HEALTH OFFICER

There has been no unusual number of communicable diseases in the past year and no great health problem in the town.

It is gratifying to know that poliomyelitis vaccine is now becoming available and can be administered to children up to age 15 and pregnant women. It is hoped that all who are eligible will avail themselves of this protection.

PERCY C. McINTIRE, M. D.,
Health Officer.

Marlboro, N. H.
 January 12, 1956

ANNUAL REPORT OF THE MARLBORO TOWN NURSE

To whom it may concern:

From Jan. 1, 1955 to Jan. 1, 1956, a total of 786 calls were made. Of these:

609 were at \$1.00
 23 were at .50
 148 were free calls
 2 were special care calls

Approximately \$568.00 was collected, and a total of \$99.00 remains uncollected.

At school the following work has been done.

184 pupils were examined by our school doctor, Dr. McIntire. This includes alternate grades and the athletic teams.

The following defects were noted.

Asthma	2
Excess wax in ear	1
Orthopedic	1
Heart murmurs	7
Rapid heart	1
Underweight	2
Cervical glands	1
Inflamed ear drum	2
Chronic Otitis Media	1
Bronchitis	1
Caries	36
Strabismus	2
Enlarged tonsils	13
Mouth Breathers	2

250 hearing tests were given, and 19 were retested. 2 were referred to their family physician.

340 were weighed and measured and had eyes tested. 38 defects were noted, some slight. 12 notices were sent home and 10 corrections have been made.

195 pupils were examined under the Woods Light to check for ringworm. 2 cases were reported and treated promptly by parents.

50 children had their second polio shot at the clinic held in Keene.

There have been 15 cases of chicken pox among the school children. One questionable case of Whooping Cough, 1 Impetigo, and 1 pediculosis has been reported. 25 pupils have received first aid, mostly minor. 22 pupils have been taken home from school because of illness at school.

Four children still have not been vaccinated. This is a good time to check with your doctor about a vaccination for the child who will enter school this fall.

I would like to remind folks that we often have call for warm winter clothes, such as jackets, caps, ski pants, mittens, overshoes and the like. If you have such articles with wear left, I can store them for you until the need for them arrives.

At this itme I would like to thank everyone again for the many kindnesses extended us during my illness at this time last year.

Respectfully submitted,
MRS. MARGARET A. FORD, R. N.,
Town and School Nurse.

**REPORT OF THE MARLBORO CHRISTMAS
DECORATION COMMITTEE**

The committee expresses their appreciation to the townspeople, organizations, and the selectmen for the fine cooperation shown in allowing the connections to be made on private meters for Christmas lights. We hope that this project can be continued and perhaps improved by suggestions from the townspeople.

FRANK E. KNIGHT
ALDEN BEAUREGARD
JAMES PAGE

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district in the town of Marlboro qualified to vote in district affairs:

You are hereby notified to meet at the TOWN HALL in said district on the 6th day of March 1956, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of agents, auditors, committees or officers chosen, and to pass any vote related thereto.
7. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the transportation of high school pupils to Marlboro High School and to raise and appropriate the sum of six hundred dollars (\$600) for this purpose.

10. To see if the district wishes to re-appoint the present school study committee and to raise and appropriate the sum of three hundred dollars (\$300) for necessary expenses.

11. To see if the district will raise and appropriate the sum of five thousand dollars (\$5,000) to be deposited in the capital reserve fund.

12. To take up any other business which may legally come before the meeting.

Given under our hands at said Marlboro this second day of February 1956.

THOMAS LORD, Chairman,
ALDEN BEAUREGARD,
ALICE HILDRETH,
School Board.

A true copy of warrant—attest:

THOMAS LORD,
ALDEN BEAUREGARD,
ALICE HILDRETH,
School Board.

ANNUAL SCHOOL BUDGET FOR 1956 TO 1957

Administration:

Salaries of district officers	\$252.00
Board chairman \$50.00; District Treas. \$35.00; Clerk \$5.00; Board Secty. \$100.00; Moderator \$5.00; Auditor \$7.00; Board Member \$50.00.	
Superintendent's salary (local share)	985 00
Tax for statewide supervision (\$2 per pupil)	670 00
Salaries of administrative personnel (supt's clerk)	491 00
Supplies and expenses of administration	550 00
(Postage, telephone, equipment supplies, superintendent's office, etc.)	

Instruction:

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Marlboro of which the above is a true summary for the fiscal year ending June 30, 1955 and find them correct in all respects.

OLIVER F. DERBY,
CLIFFORD E. RICHARDSON,
Auditors.

July 14, 1955.

REPORT OF SUPERINTENDENT

The Marlboro School System has generally been very fortunate in retaining a large percent of its teaching staff from year to year. This is especially true on the high school level where teachers of high quality have been with us for many years. The elementary school has been less fortunate of late, losing two good women teachers at the close of school because of family responsibilities. Two others left us for greener pastures. These four elementary teachers were replaced by four recent graduates of Keene Teachers College who have proven themselves to be thoroughly capable in their work. Unfortunately, however, marriage and its prospect will take two of them from us this year and unless someone can stop "Uncle Sam" he may take the other two.

In my last report, it was suggested that a representative group of local citizens be approved as a "Citizens School Study Committee." This suggestion was followed at the last March Meeting and the committee has held regular meetings since that date. A very thorough report on their findings is published in this town report under the heading of "Space for our growing school enrollment". It is hoped that every Marlboro citizen will read this carefully.

Several years ago, I recommended that the school board adopt a policy which would permit the district to obtain liability insurance and permit parents to purchase a one dollar a year student accident policy. Both of these policies were adopted. Under common law, school districts are not liable for judgments which may be rendered for injury to pupils or the public. Under present arrangements, the insurance company agrees to accept liability for injury judgments, so that now children and parents may obtain redress in case of injury to the child. Likewise, the one dollar pupil policy agrees to pay all expenses for injury to a pupil at school or on his way to school.

Our claims in the past few years have been small. This year, however, a serious accident occurred when a pupil drank contaminated milk which had been delivered to the school in a double-sealed bottle. Claims so far paid on this one case are now approaching the two thousand mark with full coverage still in force. While insurance in no way takes away the pain and suffering of an injury, it does offer a great deal of financial protection to the parent. It is strongly recommended that all parents purchase the one dollar policy when classes open in September.

Our educational program continues to function well, with expanded offerings in driver education, home economics, art and special reading for those who need extra assistance. The only roadblock in an ever better program for the children of Marlboro, is the space necessary to provide better opportunities.

DR. CHARLES L. BOWLBY,
Superintendent of Schools.

ANNUAL REPORT, DISTRICT AND SCHOOL NURSE

During the past year 805 calls were made. Of these 247 were \$1 calls, 289 were \$.50 calls, 113 were free calls and 156 were part pay calls. Approximately \$315.60 was collected, leaving \$104.50 uncollected.

Two trips were made to take a child for treatment to the Convulsion Disorder Clinic in Concord.

Mittens and other clothing has been given to those coming to my attention who needed them. However, we almost always find a need for heavy winter outer clothing and footwear. I'd like to stop for a moment to thank the women's groups who helped on the problem of overshoes this year, and also the mittens.

In June 1953, we held our first pre-school clinic with an attendance of 28. Here the children saw their class room and met their teacher, and also were examined by the school doctor, and tried their luck with our eye and ear testing machines. My thanks to those who helped make the clinic a success.

Daily calls are made at school. Several children have been transported home because of illness at school. I'd like to remind the mothers who work, to please make some arrangements for care at home or at a neighbors, for any child who may become ill at school.

There were 195 children examined by the school doctor.
Listed below are the defects reported to parents.

Cross eye	2
Deviated Septum	3
Tonsils and adenoids	13
Tooth cavities	36
Asthma	1
Ears	4
Orthopedic	3
Nutritional	2
Swollen glands	30
Heart	8
Skin	3

Your nurse has finished the following inspection.

Heights and weights	311
Vision tests	311
Defects reported to parents—38	
Hearing tests	194
Defects reported to parents—4	
Head inspections	100
Pediculosis reported to parents—1	
Minor first aid treatments	250

There have been 39 cases of mumps reported to me. All first grade pupils except 1 have been successfully vaccinated.

MRS. MARGARET A. FORD, R. N.,
District and School Nurse.

REPORT OF PRINCIPAL OF MARLBORO SCHOOLS

Dr. Charles L. Bowlby, Superintendent of Schools
Marlboro, New Hampshire

My thirteenth annual report as Principal of the Marlboro Schools follows and in it I am including information designed to give you and the citizens of the town a quick look at the operation of our program. The report discusses the use of our facilities by the staff and pupils and attempts to give some concrete evaluation of our achievements.

ENROLLMENT FIGURES

The enrollment of pupils in our schools is shown in the following table and is compared to similar figures of the previous year. A glance at enrollments in the elementary grades forecasts considerable crowding of high school facilities as these grades advance just as census figures of pre-school children foretell crowded conditions in the elementary grades within a short time.

Grand Total	176	161	337	175	158	333	+4

From September to the present time grades 1-6 have had little change in enrollment and the six upper grades have dropped two pupils. While some of our grades are near capacity, our pupil-teacher ratio is still such as to permit effective classroom work.

STAFF AND PROGRAM OF STUDIES

Several staff changes have occurred since my last report. The four teachers in grades 3-6 inclusive did not return in September and were replaced by very capable members of last year's graduating class at Keene Teachers College. Miss Louise Ludgate who had served us as a student teacher and Miss Marcelleine Croto replaced Mrs. Beverley Gordon and Mrs. Pauline Bakos in grades three and four respectively and the positions left open by the resignations of Miss Patricia Lee and Mr. Jerome Rogers have been capably filled by Mr. John Burnham and Mr. Damon Russell.

Two changes occurred in the staff teaching grades 7-12. Miss Elinor Brown resigned as teacher of foreign languages and junior high subjects and Miss Janet Spear, a graduate of Keene Teachers College with two years of successful teaching experience replaced her. Mrs. Hazel Hamilton, who was employed as a part-time teacher in Home Economics, was replaced by Mrs. Jeanne Eaves, a graduate of the University of New Hampshire with three years successful experience in Massachusetts. Mrs. Eaves has been assigned four additional courses and is employed on a full time basis.

We are continually aware of the need for providing for individual differences and are doing it in various ways. In some subjects we have two divisions based on ability and interest and in smaller groups we use the method of differentiated assignments. Mrs. Rawding continues to do very effective work in remedial reading and our program is recognized throughout the state. It is correct to say that we provide the opportunity for all pupils in the system to learn. The extent to which our program succeeds is determined in many cases by the attitude of the home. Too many of our pupils in the upper grades get very little encouragement to study outside of school hours.

One more unit of work is being offered this year in high school home economics and several girls have availed themselves of the opportunity to extend their study. In Art the program is being effectively taught by Miss Lamb. More equipment including a kiln for pottery making has been obtained and the popularity of the program is increasing.

PHYSICAL PLANT

Our two buildings are exceptionally well maintained by our capable custodian and your careful planning has put every available bit of space into use. At present practically every room is in use during every period of the day and further expansion of our program to any great extent is impossible.

Our shop area is very inadequate for the number of pupils whom we need to send there at certain times during the day and lack of space for the installation of more equipment limits the offerings on the high school level in that field.

Our present junior and senior high school offerings with current enrollments are just about capacity for the available space. It appears very probable that within two or three years when the larger intermediate grades have moved along, we will have to operate on a split session with some classes using the buildings after other classes are dismissed.

SCHOLARSHIP AND ATTENDANCE

Our pupils maintain better than average scholastic records on the whole. The achievement of the pupils is in general in

line with their native abilities as measured by available devices. A few of those in our school work below their capacity even as do those in other schools or even as do people in the adult world. All members of our staff are eager to see these pupils improve and regularly spend extra time with them. Lack of purpose due to failure to have established a goal seems to be the principal cause of below ability work.

The annual testing programs which we use indicate that as a school we are above the standards set on a nation wide level. Tests conducted by the state department and the University of New Hampshire show our groups to be above the general average in our state.

Some indication of the effectiveness of our program can be obtained by observing the percentage of our graduates who go on to school and successfully complete advanced programs of study and also by viewing the work records of those graduates who enter the business world directly. At present about one third of our graduates of the past four years are successfully doing advanced work and a few others have already completed programs of less than four year duration. The record of our graduates who are employed is good.

Our school is a member in good standing of the New England Association of Colleges and Secondary Schools which is the accrediting agency for this part of the nation. Reports of success at college by the graduates of a school is one of the factors which determine membership in this organization.

In the lower grades we continue to emphasize the fundamentals. This policy has been adhered to during the past years even though in some areas of the country progressive education has removed the emphasis from some of these skills. The trend now is back to more stress on learning many of these basic skills which are fundamental. We attempt to make all possible present day teaching aids available to staff members realizing that teaching the fundametnals can be effectively done in a variety of ways.

Attendance figures for our school are satisfactory. I feel that our system of requiring excuses for absence and detention

for tardiness works effectively. A few people are responsible for most of the cases of tardiness and it seems impossible to eliminate the habit completely even by the extensive use of detention..

SCHOLARSHIP ASSISTANCE

The income from the two local funds established by the Pease and Davis estates is distributed annually to graduates making application for assistance. The amount available is a little more than \$900 and amounts granted are sufficient to make substantial payments on tuition. Several students have received help from these funds who might otherwise have been forced to leave school.

GENERAL PUPIL CONTROL AND ACTIVITY

Members of the staff give generously of their time in supervising out of school activity for our students. Many socials and school dances are held which provide wholesome activity. During the past fifteen months several organized groups have taken a series of square dance lessons. Suitable observance is made of designated holidays and our students have participated in numerous events in cooperation with other local groups.

Our dramatic and music groups have presented the usual plays and concerts and have given several special performances upon request of local organizations. Pupils in our lower grades have attended several performances of the Keene Children's Theatre.

All pupils in the odd numbered grades and all pupils participating in any form of interscholastic athletics received physical examinations by the school doctor and all pupils in the school had hearing and vision tests. Our primary pupils were privileged to receive shots of Salk polio vaccine and indications are that the vaccine will be made available to most of the other pupils in the near future.

About eighty per cent of our students participate in the accident insurance program. The premium is very small for the amount of coverage given and service by the company is excellent with no disputed claims to date. I believe we offer

the pupils a real service by making the insurance available to them.

SCHOOL LUNCH PROGRAM

We are very fortunate to have retained Mrs. Doris Porter and Mrs. Madolyn Richardson to operate our lunch program. They do an excellent job providing wide menu variety and they do many extra things to make the program appeal to the pupils. Average daily participation in the program is approximately 155 pupils which means that in a school year more than 27,000 meals are served.

ATHLETICS

Our athletic teams continue to play in the Monadnock League and in general find that competition about on our level. Additional games for the schedule have to be booked with nearby teams some of which are too strong for us. Last year's teams had mediocre records as several members of the previous team were lost by graduation.

Currently our boys' basketball team is hoping to gain an even split in sixteen games and the girls' squad has a better record being in a favorable position to win the league title. More and more of the schools with whom we compete are getting new gymnasiums and consequently our teams are somewhat handicapped in playing on the large floors. The boys' team is being ably coached by Mr. Raymond Richard, a student teacher, and Miss Ludgate is coach of the girls' team.

We need to keep in mind the need for employing a teacher in the near future who may serve as coach for all boys' sports so that there can be more continuity to the program than now exists. Several of the grades below the high school level have a large number of boys in them and within the next three or four years our athletic fortunes should improve.

As is true in most other schools in the nation our income from gate receipts in athletic contests are declining and we are approaching the time when the district will have to consider subsidizing our athletic program.

CLASS OF 1955

This class was smaller than many of the previous classes due to several pupils having moved from town or left school. Four of the ten membris are continuing their education, four are gainfully employed, one has entered the armed services and one girl is married.

Commencement Week activities began on Sunday, June 12, with a well attended Baccalaureate Service at the Community House.

CONCLUSION

In conclusion I wish to state that my work here continues to be enjoyable due to the fine cooperation of you, the members of the school board and my staff. All reasonable requests are granted and the staff strives to make our program function smoothly. The activity program of our students is generously supported by our citizens.

I have enjoyed being invited to meet with the School Study Committee, and hope a reasonable solution to our problems may be reached in the near future.

Respectfully submitted,
 IRVIN H. GORDON,
 Principal.

REPORT OF THE SCHOOL STUDY COMMITTEE

At the annual March meeting of 1955, the school district voted to appoint a school study committee to examine the problems facing the Marlboro School system. This committee consisted of the three selectmen and six other members as follows:

Mr. Wallace Oliver	Mr. John Ohman
Mr. Charles T. Richardson	Mrs. Elizabeth Richards
Mr. Walter Buckminster	Mrs. Charles Seaver
Mrs. Ellen Hackler	Mr. Bernard Silk

Mr. Alfred Thomas

The committee has met regularly during the past year with the school board, the principal and the superintendent, to discuss and consider the various aspects of the local schools. The entire committee visited Troy and interviewed members of the Troy school board after inspecting the new Troy school addition.

This report is chiefly concerned with a presentation of the major problem facing the Marlboro schools, namely, the problem of providing adequate space in which to offer a well-rounded and modern school curriculum to a steadily growing student population.

The committee at this time does not feel that its duty goes beyond presenting a picture of the facts to the community and suggesting the possible solutions that it has been able to discover. It is the opinion of the committee that the voters of the community now show whether they desire the committee to continue its work and to offer some suggestions as to the direction that a further study should go.

The information following this introduction is designed to help the community determine what steps now need to be taken.

MARLBORO SCHOOL STUDY COMMITTEE

REPORT OF THE SURVEY COMMITTEE

The survey committee concerned itself briefly with the Marlboro population situation and its future growth. More and more people who work in Keene are finding Marlboro a desirable residential area. During the five year period from 1950 to 1955; thirty new homes were completed in the town and the yearly rate of increase seems to be increasing.

Each new home constructed in Marlboro is potentially an increase in school population. This is shown by the child census figures which indicate a steadily growing school population with 100 more children now enrolled than enrolled ten years ago, or an increase of about 30%. When the rapidly increasing school population and birth rates of the United States as a whole, are compared to Marlboro's rates; it is found that they are almost identical.

The committee, in checking on state aid for school construction, found that New Hampshire in 1956 will start to pay 20% of local school construction costs; and since the White House Conference on Education, there is strong belief that additional federal help may be available this year.

In order to help Marlboro citizens better understand the problem facing their school, the committee submits the following report by Englehardt & Englehardt, nationally known school consultants:

MR. WALLACE OLIVER.
MR. BERNARD SILK,
MR. WALTER BUCKMINSTER

SCHOOL ENROLLMENT TRENDS

Research Report

Englehardt & Englehardt, New York City
Educational Consultants

PROBLEM:

There is no questions but that the national public school enrollment is going up and up and up. The school plant problem is even more acute than previously forecast, and it is spreading from an elementary to a secondary school crisis.

CAUSES:

1. **BIRTHS.** MORE THAN 10,000 children born **daily** in USA.

1935-1940 birth rate was 18 per thousand of population.

1941-1945 birth rate was 21 per thousand of population.

1945-1950 birth rate was 24 per thousand of population.

1950-1955 birth rate was 26 per thousand of population.

Births and school population: By 1946 the elementary schools were beginning to feel the effects of the increased births with a pupil enrollment of 23 million children.

In 1955 this enrollment has increased to 31 million elementary pupils.

In 1960 it is estimated that the elementary enrollment will reach 36 million children.

2. **Marriages** People are marrying at an earlier age and the number of families in the USA have increased from 32 million in 1940 to over 42 million. 68% of all persons 16 years old are married.

3. **Holding power.** The holding power of the schools has more than tripled in the past 25 years. This increases enrollment markedly from grades 6 up.

FACTS AND FIGURES:

From the above factors, the future picture of school enrollment can be predicted with reasonable accuracy.

1. Enrollment in elementary and high schools is expected to increase by about 4% a year to 1960.

2. The full effect of increased births will be felt in 1960. Elementary enrollment is expected to be 40% higher at that time, than in 1953. High school enrollment is expected to increase 65% in the same time.

3. Facts and figures indicate that the rate of increase will continue beyond 1970.

REPORT OF THE SUB-COMMITTEE

on

Tuition Costs

One of the possible solutions for lack of educational facilities in Marlboro is to close the Marlboro Junior and Senior High School and send these pupils to the Keene school system on a tuition basis. At first glance this may seem to be a very simple and easy solution and a good one. However, such a solution should be analyzed very carefully, not only from the basis of financial cost, but also from several other viewpoints closely connected with the overall effect of such a solution upon the educational welfare of the pupils of our community.

The sub-committee feels that all possible facts should be presented to the citizens of Marlboro and will present these facts under six headings.

IA. The Financial Costs Involved

The Keene School System is organized on a six year elementary, three year junior high and three year high school basis. To realize the full benefits of the Keene program, Marlboro pupils should start in the seventh grade. It would not be educationally sound for Marlboro pupils in the third year of the junior high (grade nine) to transfer. Moreover it would be highly expensive for Marlboro to attempt to operate a six year elementary school and a two year junior high school. The reason for this is that junior high teachers are special subject teachers certified by the state. To teach the proper number of junior high subjects would require too many teachers. It would therefor be advisable for Marlboro to operate either a six year elementary program or an eight year elementary program. In either case, special teachers now employed for art, shop, home economics, high school music and science would have to be dropped from the Marlboro educational program.

The financial costs of the above program, to send these students grade seven to twelve to Keene is as follows. Junior high school tuition rate for 1956-57 grades seven and eight is

\$290.00. Marlboro would have 55 students at this rate with an approximate cost of \$16,000.00.

Keene high school tuition rate for 1956-57 is \$380.00 for grades nine-twelve. Marlboro would have 103 students attending, at this rate would cost approximately \$39,000.00.

Transportation costs to Keene for three 60 passenger busses at approximately \$15.00 a day per bus is \$8,100.00.

The total cost for the above is \$63,100.00 against the cost of \$40,000.00 for the same children in Marlboro.

The following are the tuition rates in Keene for the past four years 1951-52 \$250. 1952-53 \$260. 1953-54 \$280. 1954-55 \$329.49 and 1956-57 \$380. From these facts it is quite possible that the present rate will be increased to \$400.00 or more in the future.

"IB."

The financial costs for grades nine-twelve to Keene for 103 pupils at the tuition rate of \$380 is \$39,000.00. Transportation two busses \$15.00 per day per bus is approximaely \$5,400.00. Total cost for the above \$44,400.00. The cost of the same education in Marlboro for 103 pupils at the rate of \$20 is \$29,000.00.

II. Transportation

(a) The transportation of pupils is a costly item to a community as indicated above and actually represents no gain as far as educational training is concerned.

(b) Transporting children over 28 miles of heavily traveled roads can be dangerous. These children will be on the road approximately one hour each day.

III. Educational Control

It should be realized that pupils sent out of the district on a tuition basis, are sent to schools over which the local community has no control or voice in matters of instruction, discipline and administration. In short the local control of schools is lost to our community.

IV. Attendance

In a recent study made by the Keene school system, it was clearly shown by actual attendance records that tuition pupils have a much lower attendance record. This study also showed that tuition students represent one third of the high school population. One half of the school drop-outs come from this group. The conclusion indicates less children would go to high school and less would complete high school if the local school were closed and pupils attended in another district.

V. Participation

One of the unfortunate conditions that exist for high school pupils attending schools at a distance from their homes, is that these students lose the opportunity to participate in after school activities, such as: athletics, school clubs, band, school plays, etc. Since these are important parts of any school program, the tuition paying district finds itself paying for something its children cannot take advantage of.

VI. The High School and the Local Community

A high school is an important part of the local community. The school contributes much to the recreational and cultural life of its community through its sports, programs, plays, musicals, and graduation exercises. The community also finds interest in the school through P.T.A. organization and concern with the school affairs and its problems. Can we over look the fact that the school plays a vital part in the life of our community?

Respectfully submitted,
ALFRED W. THOMAS,
THOMAS LORD.

REPORT OF THE COMMITTEE ON THE TWO-DAY SESSION

One possible solution to the school situation in Marlboro is to readjust the class schedule throughout the day and in effect operating two school days in one day. In accordance with this arrangement, grades 1 through 5 would attend on the present time schedule; grades 6 through 8 would attend school from 12:37 P. M. until 5:34 P. M.; and grades 9 through 12 would go to school from 7:30 A. M. through 1:00 P. M. This is the type of time schedule and program which overcrowding caused the Troy School District to adopt four years ago.

In order to obtain an opinion of Troy's reaction to the plan they used, your committee members visited in Troy and questioned business men and other citizens. The unanimous opinion expressed by Troy citizens was that double session day was only desirable as a temporary expedient. Among parental reactions to the plan were:

1. The afternoon session became too tired to do effective school work so late in the day.

2. Some children living along lonely roads were frightened by having to travel these roads in the dark.

3. The problem of getting meals for children who, in some families, leave for school at three different times, was very difficult.

4. Among employed mothers there was a real problem in the supervision of the children when they attended school at such varied hours.

5. Voters expressed the opinion that the increase in Troy taxes for the new addition was a sound expenditure of money.

A two-session day in Marlboro would bring many problems, some as follows:

1. It would not be possible for the present staff to teach from 7:30 to 5:34 P. M.; and additional teachers would be necessary.

2. An increase in nursing services would be necessary.

3. Additional heating, lighting and maintenance costs would result.

4. School busses would have to cover their complete routes twice daily, rather than once each day.

5. Many activities of the extra-curricular type would have to be curtailed; and participation in non-school affairs would also be affected.

6. Assembly programs now shared by the Junior and senior high school groups could no longer be shared; thus reducing the effectiveness of the total educational program.

One of the ways in which society progresses and solves its problems with a minimum cost or loss of time; is to consider the experiences of other groups or communities which have learned the answer to problems by experience. Troy's experiences with the two-session day should serve to guide Marlboro.

MRS. ELIZABETH RICHARDS,
MRS. CHARLES SEAVER
MRS. ELLEN HACKLER.

REPORT OF THE COMMITTEE ON LAND

If the citizens of Marlboro finally decide that the solution to our over-crowded school facilities is a construction program; it is the consensus of opinion of the citizens committee and school board; that the new construction will probably be located so as to incorporate the present primary school, so called, into the new structure.

The land which adjoins the present primary school on each side, is owned by two local citizens and the committee has been assured that necessary land can probably be purchased for a reasonable sum of money.

CHARLES T. RICHARDSON
ALDEN BEAUREGARD.

MINUTES OF THE ANNUAL SCHOOL DISTRICT MEETING OF MARLBORO

Held March 9, 1954

Meeting called to order at 2 p. m. by Moderator Ralph A. Pierce and warrant read.

Article 1. Voted favorably on motion of Oscar F. Croteau that the clerk cast one ballot for Ralph A. Pierce for moderator for the coming year. He was elected and qualified.

Article 2. Voted favorably on motion of Ray E. Tarfbox that Irvin Gordon cast one ballot for Oliver F. Derby for clerk for the ensuing year. He was elected and qualified.

Article 3. Voted favorably on motion of Ray E. Tarbox that the clerk cast one ballot for Alice R. Hildreth for member of the school board for the ensuing three years. She was elected and qualified.

Article 4. Voted favorably on motion of Irvin Gordon that Ann Gaseau cast one ballot for Oliver F. Derby for treasurer for the ensuing year. He was elected and qualified.

Article 5. Voted favorably on motion of Alden J. Beauregard that we accept salaries of officers as stated in the budget.

Article 6. Voted favorably on motion of Irvin Gordon that we accept reports of Agents, Auditors and Committees as printed.

Article 7. Voted favorably on motion of Ray E. Tarbox that Clifford E. Richardson, Sr. serve as auditor for the ensuing year. He was elected.

Article 8. Voted favorably on motion of Thomas Lord that the school district raise and appropriate the sum of sixty-eight thousand seven hundred and ninety dollars and thirty-five cents (\$68,790.35) and to authorize and direct the school

board to apply against said appropriation such income as is estimated by the school board exclusive of state aid, and upon the determination of the amount of said aid to be received by the school district during the next fiscal year, to authorize and direct the school board to apply against such appropriation the amount to be received from state aid and with the school district clerk certify to the selectmen the balance as an assessment to be raised by the town for school purposes.

Article 9. Voted favorably on motion of Alden J. Beauregard that we raise and appropriate the sum of two thousand five hundred dollars (\$2,500.00) for continuation of the school repair and alteration program, said sum to be used to enlarge the chemistry laboratory, construct an additional room in the basement, purchase storm windows, install an oil burner in the primary school and purchase some additional classroom furniture.

Article 10. Voted favorably on motion of Ray E. Tarbox that we raise and appropriate the sum of eight hundred dollars (\$800.00) as a supplementary sum to be made available before June 30, 1953 for the capital outlay costs of installation and connecting up the six inch water main at the high school building.

Article 11. A tribute was made by Oscar F. Croteau upon the retirement of Ray E. Tarbox from the Marlboro School Board after more than thirty years of service.

Voted favorably on motion of Alden J. Beauregard that we adjourn.

Meeting was adjourned at 2:30 p. m.

Attest: OLIVER F. DERBY,
School Clerk.

October 19, 1955

This is a true copy of the minutes of the annual school district meeting of Marlboro held March 9, 1954.

Attest: OLIVER F. DERBY,
School Clerk.

MINUTES OF THE ANNUAL SCHOOL DISTRICT MEETING OF MARLBORO

March 8, 1955

Meeting called to order at 2:00 P. M. by Moderator Ralph A. Pierce and warrant read.

Article 1. Voted favorably on motion of Charles B. Knight that the clerk cast one ballot for Ralph A. Pierce for moderator for one year. He was elected and qualified.

Article 2. Voted favorably on motion of Charles B. Knight that Irvin Gordon cast one ballot for Oliver Derby for clerk for the ensuing year. He was elected and qualified.

Article 3. Voted favorably on motion of Alice Hildreth that the clerk cast one ballot for Alden J. Beauregard for a member of the school board for the ensuing three years. He was elected and qualified.

Article 4. Voted favorably on motion of Charles B. Knight that Alden Beauregard cast one ballot for Oliver F. Derby for treasurer for the ensuing year. He was elected and qualified.

Article 5. Voted favorably on motion of Charles B. Knight that we adopt the policies of last year in regard to this article.

Article 6. Voted favorably on motion of Charles B. Knight that we accept the reports of agents, auditors, committees and officers chosen, as printed.

Article 7. Voted favorably on motion of Alden J. Beauregard that the clerk cast one ballot for Clifford E. Richardson, Sr. for auditor for the ensuing year. He was elected and qualified.

Article 8. Voted favorably on motion of Thomas Lord that the school district raise and appropriate the sum of

\$74,292.00 and to authorize and direct the school board to apply against said appropriation such income as is estimated by the school board, exclusive of state aid, to be received by the school district during the next fiscal year, to authorize the school board to apply against such appropriation the sum to be received from state aid and with the school district clerk to certify to the selectmen the balance as an assessment to be raised by the town for school purposes.

An amendment to the original motion made by Oliver F. Derby providing that none of the money appropriated under this article be used to provide meals or refreshments at any school function except that it may be used to pay expenses of delegates sent from this school district to functions held in connection with other school districts and to supplement the amount received from other sources in connection with the school lunch program was turned down on a voice vote.

Article 9. Voted favorably on motion of Alden J. Beauregard that the district raise and appropriate the sum of one thousand dollars (\$1,000.00) for the purpose of purchasing, installing drainage tile and grading in the piece of property adjoining the school playground and running along School Street for approximately 225 ft. containing about 14,000 sq. ft. of land.

Article 10. Voted on motion of Alice Hildreth that the moderator appoint a committee of six citizens to work with the school board and selectmen on a study of local school enrollment, housing problems and future educational needs of the community. Moderator Ralph A. Pierce appointed the following:

Mrs. Winifred Seaver	Mrs. Elizabeth Richards
John Ohman	Mrs. Edward Hackler
Bernard Silk	Alfred Thomas

Voted favorably on motion of Charles B. Knight that with the approval of the cooperative school study committee that any funds remaining under control of that committee be turned over to the committee just appointed.

Voted favorably on motion of Charles B. Knight that the meeting be adjourned.

Meeting adjourned at 3:00 P. M.

Attest: OLIVER F. DERBY,
School Clerk.

**MINUTES OF SPECIAL SCHOOL DISTRICT MEETING OF
MARLBORO, OCTOBER 11, 1955**

Meeting called to order at 8:00 P. M., October 11, 1955, by Moderator Ralph A. Pierce and warrant read. Voters present were Alfred Thomas, Elizabeth Thomas, Alden J. Beauregard, Alice Hildreth, Irvin Gordon, Oliver Derby, Thomas Lord, James Farwell, Cecil Nash.

Article 1. Voted favorably on motion of Thomas Lord that the school district approve the purchase of a driver education car from available funds in the budget. Said car to be sold in June and funds returned to the budget account.

Voted favorably on motion of Thomas Lord that the meeting adjourn.

Meeting adjourned at 8:09 P. M.

Attest: OLIVER F. DERBY,
School Clerk.

Attest: OLIVER F. DERBY,
School Clerk.

THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the Inhabitants of the Town of Marlboro in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Marlboro on Tuesday, the thirteenth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

1a. To elect delegates at large, Alternate Delegates at large, Delegates and Alternate Delegates to the National Conventions of the various political parties to be held to nominate party candidates for President and Vice President of the United States also one delegate to the State Constitutional Convention.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what sum of money the Town will raise for repairs and construction of sidewalks or act in any manner relating thereto.

4. To see if the Town will raise a sum of money for repairs, water storage, equipment, supplies and other expenses of the Fire Department.

5. To see what sum of money the Town will raise for Electric Lights.

6. To see if the Town will raise the sum of \$2,000.00 to aid the Community Nursing Association or act in any manner relating thereto.

7. To see what sum of money the Town will raise for Memorial Day.

8. To see what sum of money the Town will vote for the purchase of tar for highways or act in any manner relating thereto.

9. To see if the Town will vote to accept State Aid on Class V roads, raise and appropriate the sum of \$489.50, the State to give \$3,263.34.

10. To see if the Town will vote to purchase a new light tractor equipped with loader and sidewalk plow to replace the present ford tractor, raise and appropriate money for same or act in any manner relating thereto.

11. To see if the Town will vote to extend School Street past the residence of John Ohman to the residence of Forest Foley, raise and appropriate money for the same, or act in any manner in relation thereto.

12. To see if the Town will vote to raise and appropriate the sum of \$190 (1/100 of 1% of the valuation of the Town) to the Monadnock Region Association of Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

13. To see if the Town of Marlboro will vote to raise and appropriate the sum of \$300 to be paid to the Federated Church of Marlboro for the cost of heating and janitor services for the Youth Center when utilized by the following youth groups of our community under adult supervision: Boy Scouts, Girl Scouts, Cub Scouts, Brownies, Catholic Youth Organization, and 4-H groups.

14. To see if the Town will vote to raise the sum of \$800 to help maintain the Frost Free Library or act in any manner relating thereto.

15. To see if the town will vote to accept the zoning ordinances as recommended by the committee appointed at last years town meeting.

16. To see what sum of money the Town will vote to raise and appropriate to support the program sponsored by the Recreation Commission.

17. To see if the Town will vote to raise and appropriate, for hydrant service, the sum of \$3,125.00, this being \$125.00 per hydrant.

18. To see if the Town will raise and appropriate the sum of \$4,000, \$1,000 to be used to pay the water note at the Keene National Bank due Dec. 15, 1956, the other \$3,000, to make up the deficit of the water works department for 1955, or act in any manner in relation thereto.

19. To see if the Town will vote to rescind the vote passed at the August 16, 1949 Special Town Meeting whereby the management, control, direction and improvement of the Town Water Works System was vested in a board of Water Commissioners appointed by the Selectmen and vote to vest the management, control, direction and improvement of the Town Water System in the board of Selectmen of the Town.

20. To see if the Town will vote to raise and appropriate a sum of money to install a new fire alarm at the fire station, also to authorize the Selectmen to negotiate with the New England Tel. & Tel. Co. for the installation of a so-called, Red Network System, consisting of private telephones to be installed in six different houses of firemen in different parts of the town, which will operate an automatic signal at the Fire Station.

21. To see if the town will vote a sum of money to provide police protection for the school children while crossing Main St. or act in any manner in relation thereto.

22. To see if the Town will vote to raise and appropriate \$200 to start work of laying out new lots in Pine Grove Cemetery.

23. To see if the Town will vote to raise and appropriate \$900 to aid Elliot Community Hospital.

24. To see if the Town will vote to adopt the provisions of Chapter 171-A of the Revised Laws relative to the playing of games of beano or act in any manner relating thereto.

25. To see if the town will raise and appropriate a sum of money for installation of Christmas lights and decorations, or act in any manner relating thereto.

26. To see if the Town will vote to accept the sums for perpetual care of Cemetery lots received since January 1, 1955.

27. To see if the Town will authorize the Selectmen to borrow on the credit of the Town in anticipation of taxes.

28. To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate acquired by the Town through Collectors' deeds.

29. To hear reports of Town Agents or Committees or other officers heretofore chosen or appointed and pass any vote relating thereto.

30. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this sixteenth day of February, in the year of our Lord nineteen hundred and fifty-six.

WALLACE B. OLIVER,
CHARLES T. RICHARDSON,
WALTER E. BUCKMINSTER,
Selectmen of Marlboro.

A true copy of Warrant—Attest:

WALLACE B. OLIVER,
CHARLES T. RICHARDSON,
WALTER E. BUCKMINSTER,
Selectmen of Marlboro.
